

JUNO 
CONSULTANTS PVT. LTD.

Empowering Growth Beyond Borders

Company Overview

Established in 1996, Juno Consultants Private Limited has been a trusted partner for businesses seeking comprehensive solutions in finance, accounting, and human resources.

Based in New Delhi, our dedicated team offers a wide array of services, including financial forecasting and planning, management reporting, budgeting, variance analysis, accounts payable and receivable management, audit support, payroll processing, recruitment, and compliance management.

Our commitment to excellence and deep understanding of our clients' needs have enabled us to serve a diverse clientele, including renowned multinational corporations.

At Juno Consultants, we pride ourselves on delivering tailored solutions that drive business success.

OUR PROFESSIONAL SERVICES

Finance

At Juno, we offer 360-degree financial solutions designed to function as a complete information system—covering everything from classifying and summarizing to reporting, analyzing, and interpreting your company’s financial performance.

Our goal is to empower informed business decisions by delivering clear insights to all stakeholders

Accounting

At Juno, maintaining books is just the beginning. Our structured and comprehensive accounting approach covers everything from bank reconciliation and invoicing to final year-end reporting.

We ensure a seamless integration with your existing systems—so all you need to do is review and approve.

We use the right software for your business

- Quickbooks provides solutions to manage sales and expenses, and keep track of all daily business B transactions.

- No matter what industry you operate in, Sage has the financial management package that will strengthen your accounting processes.

- Deltek Vision is a game-changer when it comes to accounting software. Deltek delivers software and information solutions that enable superior levels of project intelligence, management and collaboration.

- Zoho Books, a comprehensive online accounting software tailored for businesses of all sizes. Zoho Books streamlines your financial operations, offering an array of features designed to make accounting simple.

- Xero is streamlined, cloud-based accounting software that connects you to accountants, bookkeepers, banks and business advisors.

- TallyPrime provides a detailed audit trail of all transactions. It logs edits such as creation, alteration, or deletion of records, complete with timestamps.

- SAP facilitates information flow and data processing across all parts of your business. You can find SAP modules designed for different parts of an enterprise, ranging from finance to supply chain management

Our Expertise

Industry Knowledge

Our team of seasoned professionals brings cross-industry expertise—spanning sectors such as technology, manufacturing, healthcare, financial services, and retail—enabling us to deliver tailored, effective solutions for diverse business needs.

Tailored Solutions

Juno Consultants delivers tailored solutions designed to meet your unique business challenges with precision & expertise. Our approach combines deep industry expertise with understanding of your needs, enabling us to design strategies that drive efficiency, growth, & long-term value.

Data-Driven Insights

We harness the power of advanced analytics to drive smarter, data-backed decision-making for our clients. By transforming complex data into clear insights, we empower businesses to identify opportunities, mitigate risks, and make strategic choices with confidence.

Why Choose Us

Specialized Financial Expertise

Clients trust us for our deep knowledge in finance and accounting. We consistently deliver high-quality, reliable services that provide exceptional value.

Uncompromising Quality Standards

We maintain the highest standards across all advisory services. No matter the size or complexity of the project, we deliver efficient, tailored solutions through a flexible and cost-effective model designed to meet unique client needs.

Proven Industry Experience

Our services support a wide range of industries, including wholesalers, distributors, manufacturers, merchants, and retailers. With over 100 years of combined experience, we bring unmatched insights and practical expertise to every engagement.

Scalable and Diverse Solutions

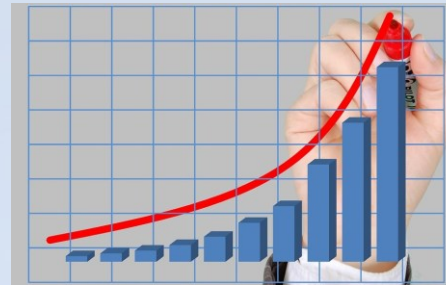

We work with organizations of all sizes, including enterprises with over 1000 employees. Our team brings together a wide array of skills essential for delivering strategic results across both national and international markets.

Client Success Stories

Operational Cost Reduction

We specialize in identifying and implementing strategic initiatives to drive significant operational cost reduction without compromising quality or performance. By partnering with us, organizations can uncover hidden inefficiencies, reduce overheads, and build a leaner, more agile business model that supports long-term growth.

Revenue Increase

We empower businesses to unlock their full revenue potential through data-driven strategies and innovative growth solutions. With a deep understanding of industry dynamics and customer behavior, we craft tailored plans that help our clients accelerate revenue generation and achieve measurable business outcomes.

Client Testimonials

Our success is best reflected in the words of our clients. Their testimonials highlight not just our expertise, but also the trust and long-term partnerships we build. These stories of transformation and value creation are a testament to the commitment and excellence we bring to every engagement.
